

**High abundance of slimy, messy, yucky pumpkin guts anticipated at the**  
**3<sup>rd</sup> Annual PUMPKIN DROP**  
**& Physics Carnival!!!!**

**Friday, October 30**

**Carnival: 10:30AM - 12:45PM**

**Pumpkin Drop: 12:45PM**

**on the lawns south & west of the SciEnce & ENgineering Building**

Physics-related carnival games & face painting for children.

for the "bigger kids," try to dunk some of your favorite Physics Professors in the DUNK TANK!!

Come watch your favorite Physics Professors drop real pumpkins off the roof of the Science & Engineering Building to demonstrate common physics principles such as constant acceleration of gravity, terminal velocity, and Newton's laws. Watch ARISTOTLE, Galileo, Isaac Newton, & Albert Einstein explain the theories behind these principles!!!!

**Sponsored by the Physics Department &  
Society of Physics Students**

**Please post in your area and  
encourage your department to attend!  
Thank you!**
